Karl Mecklenburg Day @ Valley View

I have neighbors! (Probably not a major revelation but it is important for this article.) I even know my neighbors. On one side of our house live Dick* and Jane* and on the other live Bob* and Sue* (*names have been changed to protect the innocent). In the year that we have lived near Wadsworth and Chatfield, we have visited briefly with the neighbors about house issues, the neighborhood association, Columbine, politics, our children, and the weather. But now we're going to talk about football, specifically the Broncos!

Karl Mecklenburg is coming to Valley View on September 19! Who doesn't know Karl? Both my neighbors have lived here for years and are certain to at least be conscious of the Broncos, if not outright fans. What a perfect opportunity to invite them to church. Some people respond to certain sermon series and some are drawn to a musical drama but I'm hoping my neighbors will want to meet Karl. Karl is a Christ-follower living right here in Littleton and we are honored to have him come share in our services.

Grab a handful of tickets from Guest Services in the lobby. You don't need a ticket to get into church that day, but you can use your tickets to invite your neighbors. Or friends. Or business associates. Or your bank teller. Or your grocery cashier. Or your mail deliverer. Or your waiter. The possibilities are endless but the ticket supply is limited. And the tickets have no value after the 19th so make sure you use them soon.

We expect an Easter-sized crowd to want to meet Karl so we need to prepare for that. We will need volunteers to help direct traffic, to keep our lobby and restrooms clean, to act as "bodyguards" for Karl, to hand out balloons, to sell books, and to serve food. Please sign up this weekend in the lobby to help us present well to our community. We'll also ask you to shift your parking that day. Feel free to park anywhere alongside our road or on the lower grassy area and leave the best parking spaces for guests. When you park in an inconvenient place, may your heart be encouraged to know that you are opening the door for someone who doesn't yet know Christ to meet Him!

Our leadership team is thrilled to consider the impact of this special day. What could God do in the life of our community if 500 guests showed up that day to meet Karl, witnessed our own people worshipping our risen Savior, and heard Gene share about being forgiven! That's why we are planning this unusual day. I hope you will imagine everyone in your life who needs to learn about God's forgiveness and invite them to Karl Mecklenburg Day at Valley View!

Kelvin
